

# Luminarit-GreenRAM V2 – Official Usage & Revenue-Sharing License

## 1. Ownership & Intellectual Property

All architectural concepts, documentation, simulations, and technical designs of **Luminarit-GreenRAM V2** are the intellectual property of the original creator.  
All rights reserved.

## 2. Permission to Use

Use, implementation, modification, or integration of **Luminarit-GreenRAM V2** is permitted only under the conditions defined in this license.

## 3. Revenue-Sharing Requirement

Any **commercial use** of Luminarit-GreenRAM V2 requires a **fair revenue-sharing agreement**.

This contribution supports the development of future sustainable technology projects.

## 4. Fair-Use Principle

The revenue share must be fair, reasonable, and proportional to the commercial benefit. Exact terms are determined through mutual agreement between the user and the rights holder.

## 5. Transparency Obligation

Organizations or companies using Luminarit-GreenRAM V2 commercially must transparently disclose:

- the nature of the usage
- the commercial value derived from it

## 6. Sustainability Clause

A portion of the revenue share is dedicated exclusively to the development of new environmentally friendly technologies.

## 7. Non-Exclusive License

This license does **not** grant exclusivity.

Multiple parties may use Luminarit-GreenRAM V2 simultaneously, provided they comply with the license terms.

## 8. Protection Against Misuse

Any use of Luminarit-GreenRAM V2 without adhering to this license is considered unauthorized and may result in legal action.

## 9. Global Validity

This license is valid worldwide and without time limitation unless a separate agreement is established.

---

## Short Summary

**“Use of Luminarit-GreenRAM V2 is permitted, but requires fair revenue sharing to fund future sustainable technology development.”**
